How to Reset the Trial Period of Sam Broadcaster 2014.3

Sam Broadcaster is a popular software for online radio broadcasting. It allows you to create and manage your own radio station, stream live audio, and automate playlists. However, the software is not free and requires a license key to activate. If you want to try it out before buying, you can download a trial version that works for 14 days.

But what if you want to extend the trial period or use the software again after it expires? In this article, we will show you how to reset the trial period of Sam Broadcaster 2014.3 using a simple tool called Trial Resetl.

What is Trial Resetl?

Trial Resetl is a small utility that can reset the trial period of various software products. It works by deleting or modifying the registry entries that store the trial information. By doing this, it tricks the software into thinking that it is installed for the first time and restarts the trial period.

Trial Resetl supports many software products, including Sam Broadcaster 2014.3. However, it may not work with newer versions or other software that use different methods of trial protection. Therefore, use it at your own risk and always backup your registry before using it.

How to Use Trial Resetl?

To use Trial Resetl to reset the trial period of Sam Broadcaster 2014.3, follow these steps:

1. Download Trial Resetl from <https://trialresetl.com> and extract it to a folder of your choice.
2. Run Trial Resetl.exe as administrator.
3. Select Sam Broadcaster 2014.3 from the list of supported software and click on "Reset".
4. A confirmation message will appear. Click on "Yes" to proceed.
5. Wait for a few seconds until the process is completed.
6. Restart your computer.
7. Launch Sam Broadcaster 2014.3 and enjoy another 14 days of trial.

Note: You can repeat this process as many times as you want, but we recommend that you buy a

license key if you like the software and want to support its development.

Conclusion

In this article, we showed you how to reset the trial period of Sam Broadcaster 2014.3 using Trial Resetl. This tool can help you extend the trial period or use the software again after it expires. However, it may not work with newer versions or other software that use different methods of trial protection. Therefore, use it at your own risk and always backup your registry before using it.
